Tom –

As a follow up to your interest in the Region's perspective on the chromium and non-chromium/other constituent contamination in residential wells in Hinckley, CA, I reached out to the manager of our Drinking Water office and she suggested that our Drinking Water Toxicologist, Bruce Macler, would be a good person for us to have on a follow up call to discuss. Bruce has let me know that he would be available for a conference call on Friday, July 17<sup>th</sup>. Please let me know if you would have some time available for a call. Once a call is confirmed, I can provide a call-in number and access code. We look forward to talking with you.

Hi Brent,

I am looping you and Tom Fox, Senator Boxer's senior counsel on SEPW Committee, together. Tom is looking for the region's perspective on the chromium and non-chromium/other constituent contamination in residential wells. Tom is cc'd and his number is 202-224-1373. Let me know if I can be of further assistance.
